

## **.iwi.nz Moderation Policy Review Submission**

**From:** Aotearoa Maori Internet Organisation

**Received:** 1 December 2004

Aotearoa Maori Internet Organisation (AMIO) believe that Iwi have the right to grow their online presence. It was only in recent years when the policy was modified with Iwi/Maori input that the 2LD grew from only a handful of names to where it is at now.

AMIO support the proposed .iwi.nz policy.

AMIO also support the notion that an Iwi consultation group is established with interested Iwi and chaired by the .iwi.nz moderator(s) to discuss future changes to the .iwi.nz domain. That as a result of the Iwi consultation that the changes are accepted by the NZOC and DNC if the proposed changes are in accordance with other .nz policies.

On behalf of Aotearoa Maori Internet Organisation Committee
